

# 8th WORLD CONFERENCE ON PHOTOVOLTAIC ENERGY CONVERSION

26 – 30 SEPTEMBER 2022  
MILANO CONVENTION CENTRE · MILAN · ITALY

## Student Support needed for the Organizing Team of the upcoming WCPEC-8 in Milan

For our upcoming WCPEC-8, The 8th World Conference on Photovoltaic Energy Conversion that will take place from 26 – 30 September 2022 in Milan, Italy, we are currently seeking student assistance for the organizing team of the Poster Area.

### What we expect:

- Interest in / Knowledge of photovoltaics
- Availability between **25 and 30 September**
- If not local, travel / accommodation costs on your own expenses
- Fluency in English is imperative

### What we offer:

- Free access to the Conference, Parallel Events and to the Exhibition for the complete event week and possibility of attending a number of sessions of your own interest
- Full WCPEC-8 Registration: Team badge and personal delegate's badge and Conference material
- Free team catering
- Perfect job training and networking on-site

### Your job in Milan comprises:

- Support authors with setting-up and dismantling their poster presentations (700 posters), general support in the author's area
- Support in the oral presentation rooms as a link between speakers and the organization
- Help with the registration of participants, answering questions and solving problems

Please send a short CV and cover letter to: Treasa Morrison, at [application@wip-munich.de](mailto:application@wip-munich.de)

WIP Renewable Energies, Sylvensteinstr. 2, 81369 München, <https://www.wcpec-8.com/>

### Background WCPEC-8

The WCPEC-8 combines the three largest and most prominent international PV conferences: the European PV Solar Energy Conference (39th EU PVSEC), the Photovoltaic Specialists Conference (IEEE PVSC-50) and the International PV Science and Engineering Conference (PVSEC-32). After being in place for more than a quarter of a century, the WCPEC, being held every four years, is firmly established among the global PV community as THE event for the greatest minds and experts in various PV sectors to meet and discuss, to exchange and network.

The WCPEC-8 combines a leading international scientific Conference with a renowned PV Industry Exhibition. During 5 Conference and 3 Trade Fair days, new products and technical innovations from all areas of photovoltaics and from all over the world are on show.

The Conference Programme is coordinated by the European Commission, DG Joint Research Centre.

### ORGANISATION & COORDINATION OF THE EVENT
